"NMAS 2022"

25 - 26 May | Bucharest, Romania

To the Participants: Professors, engineers, researchers and interested students are invited to participate in the 8th International Workshop on Numerical Modelling in Aerospace Sciences.

This 2 days of workshop focuses on numerical simulations and their application in aerospace sciences both in launcher and satellite design and construction. Presentations from both academia as well as industrial partners will be given.

This workshop is organized by **Romanian Space Agency (ROSA), INCAS - National Institute for Aerospace Research "Elie Carafoli"** and **POLITEHNICA University of Bucharest**.

WORKSHOP TOPICS

- 1 - Launchers propulsion technologies and simulations of rocket engines
- 2 - Flight dynamics simulation
- 3 - Modelling of structural problems in aerospace airframes
- 4 - System design for small satellites.

Event associated with the workshop

- Exhibition: aerospace and defense industry

EXTENDED DEADLINES

- **Abstracts submission: 12 April, 2022**

The Abstracts shall be written in English (the abstract shall not exceed 200 words, drawn up in MS Word, Times New Roman, 10 pt). The participants in the workshop are asked to send the paper title, abstract and author affiliation (institution name, address, e-mail, phone number) to the following e-mail address: nebancea.elena@incas.ro; florin.mingireanu@rosa.ro

- The deadline for the notification of **accepted abstracts: 18 April, 2022**
- In order to be able to publish the papers in a timely manner on the DVD we kindly ask you to provide an "Extended Abstract" (up to 4 pages) until **4 May, 2022**.
- **Full paper** should be submitted by **15 May, 2022**. Send by e-mail: nebancea.elena@incas.ro

Note: the authors should have the final full paper document (.doc / .docx or .pdf) available at the latest before their presentation. The final full paper and the presentation will be handed over to the chairman.

From 2018, "NMAS" strictly implements the policy: *no paper, no presentation*.

REGISTRATION FEE

- Regular fee - **100 RON**
- Student fee - **Free**

The fee is payable **in cash** at the Workshop registration on **25 May, 2022**

○ The papers presented at the Workshop "NMAS 2022" will be recorded on the DVD dedicated to the event under the heading: the 8th International Workshop on Numerical Modelling in Aerospace Sciences, code: ISSN 2360-1809, ISSN-L 2360-1809.

For DVD, the "Extended Abstract", (up to 4 pages) will be published in English in Power Point, Word or PDF.

○ Selected papers will be published in the scientific journal **INCAS BULLETIN**: <http://bulletin.incas.ro> (Print) ISSN 2066-8201, (Online) ISSN 2247-4528, ISSN-L 2066-8201, DOI: 10.13111/2066-8201.

INCAS BULLETIN is **Open Access (OA)**.

INCAS BULLETIN is indexed in **SCOPUS** and **International Databases (BDI)**: Directory of Open Access Journals (DOAJ), Index Copernicus™ - Journals Master List, Crossref, ProQuest, EBSCOhost, Academic Journals Database, SCPIO - Romanian Editorial Platform, China National Knowledge Infrastructure (CNKI-SCHOLAR), SHERPA/ROMEO, WorldCat, J-Gate and more.

ORGANIZERS

○ **INCAS - National Institute for Aerospace Research "Elie Carafoli"** (www.incas.ro) is the leading research establishment in aerospace sciences in Romania, with more than 70 years tradition in aerospace engineering, flow physics and applied aerodynamics, using state-of-the-art technologies and unique infrastructure of national strategic importance. INCAS has been involved in all major national aeronautical projects for civil and military areas, and currently is acting as a major player in EU policy for R&D development under FlightPath 2050 vision and future Horizon Europe program.

President and General Director

PhD Eng. Catalin NAE

○ **Romanian Space Agency - ROSA** (www.rosa.ro) was established in 1991 and reorganized by a Government Decision in 1995 as an independent public institution under the auspices of the Ministry of Research and Technology (actually, the Ministry of Education, Research, Youth and Sport). ROSA is the national co-ordinating body of the space activities.

The missions of ROSA are to promote and coordinate development and national efforts in the field, and, as a Government representative, to promote international cooperation. In particular, ROSA is authorized to establish research and development centres oriented on specific objectives of the Romanian Space Programme. The President (since 2004) and Chief Executive Officer (since 1995) of ROSA is Mr. Marius-Ioan PISO, Ph.D. Prof. The Honor President is the Romanian cosmonaut Mr. Dumitru Dorin PRUNARIU Ph.D. Eng.

○ **POLITEHNICA University Bucharest - UPB** (www.upb.ro/en) is the largest and the oldest technical university in the country and among the most prestigious universities in Romania.

The tradition of our institution, developed in over 190 years through the effort of the most important nation's schoolmasters and of the generations of students, is not the only convincing reason. Today, the POLITEHNICA University of Bucharest is undergoing a continuous modernization process, being involved in a permanent dialogue with great universities in Europe and all over the world.

The mission of the POLITEHNICA University of Bucharest has been thought over as a blend of education, research and innovation, which represents a key towards a knowledge-based society and economy. Creating knowledge mainly by scientific research, giving it out by education and professional training, disseminating it by information technologies, as well as the use of technological innovation are elements that define the university distinctive profile.
